University multi factor authentication (MFA) when overseas: Please ensure you set up accessible MFA factors when travelling to access university systems overseas. We do not recommend SMS as a factor due to many people not travelling with their phone, potential excess SMS charges and delays in receiving the code. Alternative options are Google Authenticator and Okta Verify. Details on how to set up factors is available here

All travel quotations / bookings associated with travel on University business must only be sourced / made through the University's contracted travel management company (School Travel Arrangers) (i) via the contracted travel management company's online travel system and (ii) using the best fare of the day.
